

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

TO THE PUBLIC.

THE object of this publication is to give the reader a clear statement of the law as it regards Cabs and Omnibuses, and directions as to Fares and Distances, and the conduct to be observed by the Drivers; in plain language, unincumbered with technicalities, and formal repetitions. Nor has it been regarded necessary to give the penalty attached to each offence, as a penalty not exceeding 40s., or, in default of payment, imprisonment for any time not exceeding one calendar month, attaches to every specified transgression, except when the sum is larger, or the imprisonment longer, and then the same is given.

The annexed map will enable the Hirer of a Cab to ascertain when he reaches the nearest point at which the 1s. Fare begins; but if he intends to go beyond, and to return *within* the circle, he does not incur the

1s. Fare, but pays at the rate of 6d. per mile out and back for any distance he may go.

All the admeasurements in these tables have been accurately taken from the Bank of England and from each of the Hackney Carriage Stands within the City, and are made to 497 well-known places within six miles of each stand; and are now published with the sanction of the Commissioner of Police.

CHIEF OFFICE, OLD JEWRY,

1st December, 1853.

THE

LONDON HACKNEY CAB FARES.

REGULATIONS.

FARES.

SIXPENCE is the Fare for every mile, and for any part of a mile over and above any number of miles completed within the circle. When there are two horses the fare is one-third more. If hired for any time not exceeding one hour, the fare is 2s. and an additional 6d. for each fifteen minutes, or portion of fifteen minutes of accumulated time above the hour.

If a Cab be detained by the Hirer for more than 15 minutes in the whole, the Hirer must pay 6d. in addition to the distance fare for every 15 minutes completed. Several stoppages may be added to make up the 15 minutes, but no charge can be made for any time, whether accumulated or at once, which does not amount to 15 minutes.

When more than two persons shall be conveyed by any Hackney Carriage, the sum of 6d. for each person above that number must be paid, in addition to the Fare, for the whole hiring. Two children under 10 years of age to be considered as one adult person.

The above Fares to be paid according to distance or time, at the option of the Hirer, to be expressed at the *commencement* of the hiring. When not so expressed the Fare to be paid according to distance. Such option as to time ceases between the hours of 8 in the evening and 6 in the morning.

1-19 10-10-75.

HIRING.

It is very desirable that the Hirer of a Hackney Carriage should engage it from a Stand, each distance being measured from a Stand.

When a dispute arises as to the Fare within the City, the Hirer should speak to the first Police Constable, who will be furnished with a Table of Fares. And if the Hirer offer and the Driver refuse to accept the amount stated by the Constable to be the fare, order the Driver to proceed to the Mansion House or the Justice Room, Guildhall; or, if the dispute arise when the Police Court or Justice Room is closed, the Driver should be ordered to drive to the nearest Police Station.

Be sure to demand and keep the Driver's ticket, as also the number of the Constable, and, in order to ascertain the Distance and Fare, the Hirer is referred to the Table headed by the name of the Stand from which he starts, where he will find nearly 500 well-known places alphabetically arranged.

These Tables will be found equally useful to a person coming into the City, as he has only to look for the name of the nearest Stand to the place at which he stops. Thus, in coming from the Marble Arch to Cheapside, look for King Street and run your eye along the list of places, and the Marble Arch will be found, and the Fare and Distance.

To avoid as much as possible the painfulness of imposing upon the Magistrate a decision, upon the conflicting statements of Hirer and Driver, the Police Constable who may be present when the dispute arises is instructed to notice the language and conduct of the parties, being careful to take no part whatever, and to preserve a quiet and collected demeanour.

LUGGAGE.

The Driver of a Cab is bound to carry a reasonable quantity of Luggage for every person hiring his Cab without any additional charge, except when more than two inside passengers are carried with more Luggage than can be carried inside the Carriage, in which case, for every Package carried outside the Cab, 2*d.* is to be paid in addition to the fare. No charge to be made for Luggage outside the Cab, unless the number of inside Passengers exceeds two. The quantity of Luggage must be reasonable, and unobjectionable in its character.

LOST PROPERTY.

The Driver of every Hackney Carriage, wherein any property shall be left, is bound to take the same within twenty-four hours, unless sooner claimed by the Owner, to the nearest Police Station, and leave it with the Officer on duty, who is to deal with it in the manner prescribed by the Act, which property so brought is to be returned to the person who shall prove to the satisfaction of the Commissioners of Police that the same belongs to him, such person paying all expenses incurred, with such reasonable sum to the Driver who brought the property, as the Commissioners shall award.

The Cabman every time he is hired must deliver to the Hirer a Printed Card stating the Number of his Cab, and such other matters as may be directed.

To obviate the great inconvenience of making inquiries at several Stations whether lost property has been deposited there, arrangements have been made between the Commissioners of the Metropolitan and the Commissioner of the City Police, that all Articles found in Hackney Carriages or Omnibuses will be taken to Scotland Yard, where the claim must be made and will be determined.

Property found by a Passenger in any Metropolitan Stage Carriage must be given up to the Conductor, or, if no Conductor, to the Driver, upon pain of a Penalty of £10, to be paid by any person refusing or neglecting to give up any Property belonging to another; and the Conductor or Driver, as the case may be, is directed to act in the same manner as above described in reference to the Drivers of Hackney Carriages.

FOUR-MILE CIRCLE.

The map gives the distance of four miles from Charing Cross, beyond which the Driver is entitled to one shilling for every mile or portion of a mile, *provided he be discharged beyond the circle*. The Hirer who wishes not to pass the defined line, should intimate the same to the Driver; and to enable him to test the fact, the names of the principal places, immediately within and without the circle, are marked on the map.

If a Hirer takes a Cab at a Stand within the circle, however short the distance from it, and then passes it, and does not return within the circle, he must pay for the short distance within the circle 6*d.*, and an additional 1*s.* for every mile or less distance than a mile beyond the circle.

PLYING FOR HIRE.

Every Cab found standing in any street or place, whether at a Cab-stand or not, having then any of the numbered plates thereon, is to be considered as plying for hire, and the Driver is compellable to drive any person desirous of hiring him, unless he is actually hired, the proof of which lies with the Cabman. N.B. This compulsory hiring extends to Sundays as well as week-days.

Every Cabman ~~must~~ must at all times, during his employment or when before a Justice of the Peace, wear conspicuously

upon his breast a metal Ticket or Badge, and he must produce it at all times, and allow the number to be taken when required.

N.B. The Cabman has no right to carry anybody except the Hirer without his consent.

SPEED.

The Driver of every Hackney Carriage must drive to any place not exceeding six miles from the place of hiring, or for any time not exceeding one hour, in which latter case he may be required to drive at any rate not exceeding four miles within one hour, but if required to drive faster, then the Driver shall be entitled to demand an additional fare of 6d. for each additional mile or any part thereof.

When not hired by time, the Driver is bound to proceed at a reasonable and proper speed, not less than six miles an hour, except in cases of unavoidable delay, or else required by the Hirer to drive at a slower pace.

WAITING.

The Hirer of a Cab having paid the fare already completed, may require the Cabman to wait for him, depositing in his hands a sum of money equivalent to the time for which he desires he should wait, to be accounted for in the final settlement.

THE LAW

Touching Hackney Carriages and Metropolitan Stage Carriages (another name for Omnibuses), their Owners and Drivers.

No Licence to be granted without a Certificate that the Carriage is in a fit and proper condition for public use, nor used without a plate on which the number of the Cab is painted; nor continued to be used, though duly certified, if at any time the Cab or Horse is unfit for public use.

The Cab must have painted inside and outside the number of persons it is to carry, and the Amount of Fares according to distance and time.

The Driver must hold a check-string in his hand while driving.

Advertising bills must not be stuck in or on any Metropolitan Stage or Hackney Carriage to the annoyance of the Hirer, or the obstruction of light or ventilation.

When the Fare is omitted in the Tables, the place mentioned is outside the Circle, which makes the Fare variable.—Vide Directions under the head "Four-Mile Circle," p. x.
